

# SUCCESS!!

Print Name   Mercy Lewis   Treatment Completed   2018  

At the first start of treatment my child did not have any issues present. I began chiropractic care for her as preventative routine treatment at birth.

Harbor Bay Clinic of Chiropractic Clinic's staff treated my daughter and I phenomenally! They are very respectful, courteous and accommodating.

The care that my child liked most was that HBCC is efficient, fast and provides effective treatment. There isn't anything I can say that we dislike about Harbor Bay and their staff.

My child started to have issues with tummy time and the chiropractic treatment she received improved her condition immediately.

I would definitely recommend Harbor Bay Chiropractic to anyone and I have already recommended HBCC to many friends.

*I hereby give my permission to publish my success story in whole or to summarize its contents in any of the publications of Harbor Bay Clinic of Chiropractic.*
